

Preparing for your session:

- Be prepared with any props or outfits you plan on using during your session. Each Senior Portrait Session includes as many outfit changes as time allows.
- Please have the contact form filled out and with you at your session so your prints will be sent to you as soon as possible.
- If you have specific locations in mind for your senior portraits, please mention this when booking.
- If you want to include one (or more) of your friends in your portraits, please see the Senior Portrait Pricing List to be certain that it will fit in your budget.
- If you have any special requests for me, please send me an email at info@jlrnittphoto.com and I will try to accomodate you in any way I can.
- Expect prints to take 2-4 weeks to arrive.
- Map out directions to the location the night before your session. If you're late, that time comes out of your session time. Less time equals the possibility of less useable images which could mean less final images you get. Unless under special circumstances at the photographer's discretion, we will not extend your session time if there are appointments after yours.
- If you need headshots for your school yearbook, let me know when booking. I have strobe lights, backdrops, and I can come to you. I don't have a displayed price for headshots due to the numerous schools that have hired bigger photography companies as their exclusive senior yearbook photographer.
